

Maths

In our maths lessons we shall be learning all about place value, looking at how to count up and down from any number, what is the value of numbers, comparing groups and addition and subtraction using resources and numbers.

We shall also be continuing to look at partitioning numbers into tens and ones, writing numbers in words, counting in different numbers, estimating and ordering objects.

R.E

We shall be learning all about caring for others, looking at different religious festivals from around the world that focus on caring for those around us and learning why they are important.

Art and Design and technology

We shall be learning about colour theory and mixing colours, then looking at still life, looking at what we can create through different mediums.

We shall also be learning how to read and use recipes, where food comes from and how to properly prepare different food items, to ultimately create a new school meal.

Topic

Our Topic for this term is Movers and Shakers, where we shall learn about famous figures from History, what they did and the impact they had on the world. Learning about great explorers, such as Neil Armstrong and incredible activists such as Rosa Parks.

Science

we shall be looking at Seasonal Changes. Learning about the changes in the weather, temperature, plants, and animals. The differences between the Seasons and performing observations about the environment.

English

In our English we shall be reading 2 books, our first is Lost and Found by Oliver Jeffers. And our second is Nibbles the book monster by Emma Yarlett. We shall be learning to ask relevant questions, building vocabulary and participating in discussions. We shall be participating in role play and giving presentations.

We shall discuss words meanings, linking new meanings to those already known, discuss the significance of the title and events, make inferences based on what is being said and done, predict what might happen based on what has been read so far, participate in discussion about what has been read to them.

Ultimately leading to us writing our own Short Adventure story and a first-person diary entry based on Nibbles adventure.

Mr. Gregory
Bumblebees

Movers and Shakers

PSHCE

We shall be learning all about "being me in my world", looking at how to make others feel welcome, making our school community a better place, discussing rewards and consequences, caring about others' feelings, how to work well with others and developing our social and emotional knowledge.

P.E

We shall be learning about Gymnastics. Looking at balances and creating routines involving rolls, balances, and mat work. We shall also be learning about football, looking at ball control, passing, shooting, and playing in teams.

Music

We shall be learning about different styles of music, picking out the features of the genres and learning to find the beats and rhythms. We shall be continuing to look at genre and how different types of music make us feel.

Computing

We shall be learning all about online safety, basic skills of how to use a computer and about simple algorithms and coding.
